

2025 WPC & SPC Panel Catalog

INDEX

Company Profile 01-04

WPC Board 05-09

SPC Panel 10-32

SPC Board 33-46

WPC Collapsible Panel 47-50

About Us:

Jinhua Shuaida New Materials Co., Ltd. established in 2013, we are production and sales oriented enterprise that integrates WPC board, SPC panel and SPC board.

After more than 10 years of development, our company now covers an area of over 22000 square meters, with a factory area of over 30000 square meters and a 3000 square meter exhibition hall featuring real-life effects.

Our products comply with EU environmental standards, passed the tests of Formaldehyde Release, Heavy Metals Migration and class B Fire Retardant, get the certificate of CE as well.

What's more, we have a strong design and construction team consisting of 32 members, which means we are not only manufacturer, but also solution provider, this advantage makes us a well-known solution provider, recognized both in China and around the world.

We adhere to the business philosophy of Eco-Friendly and sustainable development, providing you with better products, higher quality services and more reliable after-sales support.

CERTIFICATES

WPC Board Series

Bamboo wood board

Crashproof board

Carbon crystal board

The thickness of upper and lower coextrusion layer is 1mm, more impact-resistant.

Structure:

Material	PVC,Calcium Powder
Finish	PVC Films,customizable
Length	Customizable
Width	122cm
Thickness	5mm,8mm
Density Coefficient	0.7
Waterproof	Yes
Installation	With aluminium alloy accessory or tongue & groove,combine with glue.

Accessory & Tongue and groove

Visible accessory
